The missionary report of Bronislav Zilkovskiy for the 2nd quarter 2021

Ukraine

Greetings in the Lord!

Greetings to the church in Millersville and its God-blessed pastor! Remembering you every time, I thank our God for His care for us. Thank you all for your prayers and your many years of support in my ministry. All this time the Merciful Lord kept me, my family and the church and we never canceled the services. All this time there was an opportunity to serve. The nursing home has not allowed us to enter for a year, and we used to visit them every week. Pray with us about this, because there are a lot of elderly and sick people there and many die.

At the same time, it is still possible to visit the military. During the celebration of Easter, the Resurrection of Christ, the commander invited to take the military with him and since it is a weekend, to go to church. God touched his heart and hearts of other soldiers and we had a blessed time. After the service, a festive dinner and a two-hour program with the youth were prepared. A little earlier in the military police there was a holiday of their unit to which I was invited. I had the opportunity to congratulate them on this event and thank them for their service to our people to say that there is a Universal Protector - Jesus Christ, who protected us and gave His life for all living on earth. Every week, on Thursday, I try to visit and them.

Please pray for us that the Lord would have mercy on our people and that there would be no war and that we could continue to tell everyone about God's mercy. The Lord opened the doors to us and to prisons, as you know, the Lord Himself also gave us the opportunity to congratulate the prison administration. To my greeting, Christ is Risen! Together they all answered - Truly He is risen. If I had had the opportunity to get together like this 30 years ago and I would have given you this greeting, I told them, I would no doubt have been left here in prison.

I am very grateful to God again and again for finding me in this world and giving me to you so that together we can glorify His beautiful name, Jesus Christ! I also thank all the staff of the SGA mission both in Ukraine and in the United States.

With love in Christ and prayer for you,

Your brother, Bronislav Zilkovskiy.
