

RIBBON ROADS

Dear Friends:

December 30, 2022

Just a quick note. We want to update you on John. Thank you so much for your prayers, support and little notes of encouragement to our family. We have been upheld and have felt those prayers going before us. John is being transported to Tralee General as I write this. We praise the Lord for this big answer to prayer. He will then be connected with his cardiologist and team that will be taking care of his medical needs. John is doing very well but will have some major changes ahead of him. This was a major heart attack with no warnings. **Pray for his recovery and to the adjustments.**

Please also **pray for Tralee Baptist Church.** The people have been amazing and have been such a support to us. Pray they don't lose heart in ministry. God has plans, and we are watching them unfold.

Thank you again for all your prayers.

We are blessed and trusting.

WISHING YOU A HAPPY NEW YEAR OF MINISTRY

John & Amanda
