

## Michael & Nicole Gilchrist - November, 2023

We are thrilled to share with you the logo design for the new church. It has been an exciting few months with many things coming together. Praise the Lord for all that He has allowed to happen this fall and we praise Him for what He will continue to do. Check out some pictures below to see what else has been going on.

Thank you for praying for Brad and Kelsey. We have had the opportunity to disciple them weekly as we dig into the Word, pray together, and memorize scripture. Please continue to pray for their relationship with Jesus to grow.

**316 Church** First meeting at the Mont Vernon elementary school on November 5th. The stage was the only place there were lights and though it was tight everyone fit perfectly! Praise the Lord, the next week, we had lights in the rest of the multipurpose room.

Here was our location for a kid's area. We had a small lesson from the Bible, coloring, singing, prayer, and snacks. The children even went outside to the wonderful playground at the school.

We are still in NEED of committed monthly supporters in order to reach our full financial goal. Anything that is above and beyond will go towards the new church plant.

### **Praises**

- **316 Church** is now meeting at the elementary school in Mont Vernon every Sunday morning. This new space has been a huge blessing to us!
- Those a part of **316 Church** have been encouraging each other as we work out the logistics of transitioning to the new space.
- We have been meeting with Brad & Kelsey weekly working through the Gospel of John.
- **316 Church** has had a Ladies Connect and a Guys Connect, which was a wonderful time to encourage and get to know one another. We just praise the Lord for those at **316 Church** and their help in making these events possible.
- It is wonderful to get glimpses of God faithfully providing in tangible ways.

### **Prayer Requests**

- God would move people to be willing to take a step of faith and join in with the new church plant.
- The people of **316 Church** would embody the vision of 316 : loving God and loving others.
- **316 Church** will continue to be unified and transition well to our new space in Mont Vernon.
- That God would provide faithful monthly supporters.
- A house for our family to purchase in the town that the Lord wants. May we trust His timing as we specifically look and pray for a house in Mont Vernon.
- Pray that Brad & Kelsey will grow in their relationship with God. Pray that Chris and our neighbors would be open to studying the Bible with us too.
- Discernment for Isaiah, Claire & Adrielle for us to find the outlets and activities they need to grow in the giftings that God has given them.

### **Address**

144 Elton Ave  
Manchester, NH 03109
