2024-04-11

Hey everyone, greetings from Guyana. Hope you all are doing great in the Lord Jesus Christ and had a blessed Easter holidays.

I am so delighted to share of the goodness of our savior and some things that's going on in the ABC. It is now the beginning of the second quarter of 2024, we can definitely say that 3 months are gone and looking back, its scattered with blessings, delights and also some challenges. All in the will of the Lord to cause us to enjoy what we are doing and keep trusting Him as we go on.

Doing the Lord's will has kept us busy; We met as a team, (pastors and students) for prayers, encouragement and renewal of our commitment to the work God has called us to. This has opened up opportunities for everyone to share struggles, prayer requests and even thoughts on how we can better support each other. Please keep each of the pastors and students of the local churches in your prayers, (the devil is busy sowing seeds of discouragement among the believers).

We have had teams, professors and visitors assisted with various events and activities within the ABC. How blessed to know that they are so many who wants to see and support the great work the Lord started over 35 years ago. A huge THANKS to everyone for your kind prayers, encouragement, involvement, and support over the years. "Know that your labor in the Lord is not in vein." There are much more to be done, souls to be won for Christ, Church planted, pastors trained, and so much more. Keep praying for the mighty hands of the Lord to move and we will continue to be faithful.

The ABC has host its quarterly Day of Prayer, on Friday April 5th, at the Bath Bible Church. All the churches were present, we had fellowship, encouragement from God's Word, prayers and listening to praises from the various ministries. This is a time for all to be refreshed and motivated to keep looking to the King. Please keep this event, all leaders and the local churches in your prayers.

Here are some more events that are coming up;

1. The eye surgery team set to stay with the Girwarnauths, and will be work at the Port Mourant Hospital from April 20th-27th, 2024.
2. Dental clinic set for May 4th-11, 2024. They will be housed and doing clinic at Alness. Myself and Naomi along with other helpers will be taking care of the dental team.
3. Crusade and school ministries in June 14th-22nd, 2024. These are very big events and calls for a lot of prayers, planning and preparations, so please join in bringing all these before the throne of grace.

The ministry here in CWC is going wonderful. Doing ministry over the years has brought great delight to us, it comes with a lot of blessings and its fair share of challenges. However, God has always kept us well protected and provided our every needs.

Hanna just finished her 1st year of pre-law and is now enrolled as a fulltime student at the University. Josh is also serving the Lord in church and is seeking the will of the Lord for the way forward. Naomi, continues to be a great support for me in the ministry. She's enjoying working long side me in the work of the Lord. How thankful we are for the way God is using our lives for His glory. Your prayers and encouragement are much needed and appreciated. Please know that, you too are in our prayers. Attached are pictures of some of the events and activities over the past few weeks. Have a blessed day.

Sincerely in Christ
Vishal, Naomi, Joshua, Hanna Debicharran
