

“Fire and Salt”

Mark 9:38-50

Gene Strait 10/25/26

I. The Narrative:

1. Why is it important to realize that God’s work is so much bigger than us; than our work for and with Him?
2. What warning does Jesus give to those who would cause one of those who believe in Him to stumble?
3. What indicates the seriousness of sin in this passage?
4. Why is important to get at the root of our sin, and not just deal with the fruit of it?
5. What is an idol?
6. Unbelievers get the fires of hell; believers get the fires of trials; which fire will you get?
7. What message does Jesus give about relating to one another?
